Sustainable Disaster Preparedness – how can the private sector contribute?

Conference on Health and Humanitarian Logistics, Hamburg, March 2012
Susanne Meier – Vice President Corporate Responsibility GoHelp
After natural disasters, airports often become logistics bottlenecks
GoHelp – Disaster management program of Deutsche Post DHL

Global platforms*

**Disaster Preparedness**

GARD
(Get Airports Ready for Disaster)

**Disaster Response**

DRT
(DHL Disaster Response Teams)

**Recovery**

WHEO
(We Help Each Other)

*) additionally: many local projects in disaster response and recovery
GARD “Get Airports Ready for Disaster”

- **Mission**: Preparing airports for emergencies in the aftermath of natural disasters
- Cooperation with the United Nations Development Programme (UNDP)
- **DHL Aviation trainers** train airport personnel and disaster related authorities
- **Surge capacity assessment** and development of detailed action plans for emergencies
- GARD trainings completed: Indonesia/Sulawesi (2009), Nepal (2010), Bangladesh (2011) and Indonesia/Bali and West-Timor (2011)
Embedding of every engagement into the framework of the humanitarian community

- Bilateral or multilateral partnerships
- Contribute with core competencies and key assets
- Scalability and sustainability
- Local ownership
- Top management commitment
Thank you for your attention!
